

# Cookie Policy

**Last Updated: October 2, 2026**

This Cookie Policy explains how The Rice Collective LLC ("The Rice Collective," "we," "us," or "our") uses cookies and similar technologies on our website. We produce original storytelling and multimedia entertainment across animation, film, comics, novels, podcasts, and more, and we use cookies to help ensure our site remains smooth, secure, and engaging for visitors.

## 1. What Are Cookies

Cookies are small text files that are stored on your device when you visit a website. They help the site recognize your browser, remember certain information about your visit, and support features that make browsing more efficient and tailored to you.

## 2. How We Use Cookies

Depending on the features enabled, cookies may improve your browsing experience, help us understand how our website is used, and help us refine how we present our projects and content. Their purposes may include:

- Remember certain settings so the site feels consistent as you move between pages.
- Analyze site traffic and understand how visitors navigate our content.
- See which pages and features are most engaging so we can enhance our storytelling and presentation.

We may use both first-party cookies (set directly by our website) and third-party cookies (set by service providers such as analytics or embedded media tools) to support these purposes.

## 3. Types of Cookies We Use

We aim to keep our use of cookies focused, purposeful, and respectful of your privacy. The main types of cookies we may use include:

### Strictly Necessary

These technologies support core Website operation, security, and functionality you request. Depending on the implementation, they may support page navigation, access to secure areas, form handling, or storage of a consent choice. They may remain active where applicable law permits. Optional preference features are described separately below.

### Analytics

Analytics cookies help us understand how visitors discover and interact with our website. They provide aggregated information about page views, traffic sources, and general usage patterns so we can refine how we present our work and improve the overall experience. The information processed depends on the provider and configuration; identifiers and related personal information are described in our Privacy Policy.

### Functional

Optional functional and preference technologies may remember choices you make, such as language or layout preferences, so the site can feel consistent and tailored when you return.

### Advertising

When enabled and permitted, optional advertising technologies may support advertising measurement, attribution, conversion tracking, remarketing, or targeted advertising. Microsoft Advertising Universal Event

Tracking (UET) may be used for these purposes, as described in our Privacy Policy. This description does not establish that UET or another advertising tag is currently active.

## 4. Managing Your Cookie Preferences

Where applicable law requires prior consent for non-essential technologies, those technologies must remain inactive until an eligible consent choice is made. When an implemented Cookie Settings control is available, it provides the available choices and a way to revisit them. This policy is explanatory text, not the control itself. Emailing a privacy request does not itself block scripts or remove cookies.

Most web browsers allow you to manage cookies through their settings. You can typically choose to block cookies, delete existing cookies, or receive a notification before a cookie is stored. How you do this varies by browser and device, so please refer to your browser's help or settings menu for detailed instructions.

If you choose to disable or block cookies, some parts of our website may not display or function as intended. Certain features that rely on cookies may be limited or unavailable.

## 5. Third-Party Cookies

Some content and tools on our website may be provided by third parties, such as analytics providers, video or audio platforms, or embedded media services. These third parties may set their own cookies to deliver their services, measure performance, or personalize content according to their own policies.

We do not control how third parties use their cookies. We encourage you to review the cookie and privacy policies of any third-party services you interact with through our site.

## 6. Changes to This Policy

We may update this Cookie Policy from time to time to reflect changes in our practices, technology, legal requirements, or how we present our work and services. When we make changes, we will revise the "Last Updated" date and, where appropriate, provide additional notice. We encourage you to review this page periodically to stay informed about how we use cookies.

## 7. Contact Us

If you have any questions about this Cookie Policy or our use of cookies, you can contact us at [thericecollective@outlook.com](mailto:thericecollective@outlook.com).
